PROFESSIONAL EXPERIENCE

Sattar Metal Industries

Web Developer (Laravel, Vue-3 Nuxt-3)

Motijheel, Dhaka 1223, Bangladesh

July 2025 – Jun 2026

- Developed and deployed the official company website and CEO portfolio from scratch, creating a dynamic, fully-featured platform while working independently as the sole developer.
- Designed scalable database architecture and integrated essential services, including payment gateways (*Bikash*), bulk SMS, OAuth logins, 3D product rendering, email transaction services (*SendGrid*), and other key features.
- Managed server setup, DNS routing, SSL, cloud storage (*Amazon S3*), SEO (*Google Analytics*), and email marketing (*Mailchimp*), along with building an intuitive admin panel.

Lykto Inc.

Full Stack Developer (Laravel, Vue.js, Nuxt.js)

Dhaka 1212, Bangladesh | Los Angeles, CA, USA

May 2023 – Jun 2025

- Developed 10+ custom e-commerce/education platforms (e.g., *EduVlan24*, *JohnMayerOfNorwich*), focusing on seamless, client-tailored user experiences.
- Upgraded 5+ legacy sites (e.g., *CQbyCQ*, *ShopJnna*) to Laravel 10 with Vue.js/Nuxt.js, boosting performance by 40% and reducing load times by 25%.
- Managed VPS for 15+ sites, maintaining 99.9% uptime, supporting 500k+ monthly users, and collaborating on high-traffic projects like *MellouUSA* and *ShopKoreaTimes*.

NetCodan Inc.

Full Stack Developer (Adonis.js, Vue.js)

Dhaka 1216, Bangladesh | Dubai, UAE

Feb 2022 – May 2023

- Developed 3+ proprietary forex trading platforms (e.g., *V4ForexCRM* and *FX Smartbull*) with separate admin, client, and partner panels. Integrated real-time, massive data from *MT4/MT5* servers to enable seamless online trading.
- Built internal office tools (*support system*, *employee management*) and worked independently as the sole *Adonis.js* developer, collaborating with senior *Laravel* developers.
